PROFESSIONAL EXPERIENCE

Hungerhub, Full Stack Developer - **July 2019 to Current**

- Developed and launched a new front end built with Vue
- Tech stack used consisted of Javascript, and Ruby on Rails.

Consulting, Web Developer - **Feb 2019 to Current**

- Developed and provided technical support for a variety of websites and apps.
- Tech stack used consisted of Wordpress, Javascript, and Ruby on Rails.

Flixel, Front end Developer - **Feb 2017 to Feb 2019**

- My role was developing features for the Flixel website and assisting the marketing team in delivering a variety of landing pages for their marketing campaigns.
- Improved the front end code base which decreased load time by several seconds by migrating from Angular to Vue.
- Tech stack used was Angular, Vue, Node, and Wordpress.

The Pixel Shop, UI Developer - **Sep 2016 to Feb 2017**

- My role consisted of maintaining existing websites for clients and adding new features based on client feedback.
- Accomplished delivering The Glenn Gould School website ahead of schedule by ramping up team members understanding of Jekyll.
- Tech stack used was Wordpress, Javascript, and PHP.
