PROFESSIONAL EXPERIENCE

Freelance — 2015 to Present
Developed and shipped websites and design work for a variety of clients ranging from startups to nationally recognized institutions.

Developer, Design Cougar — 2014 to 2015
Worked with a designer to develop and ship websites and design work

Web Developer, Lassonde School of Engineering — 2013 to 2014
Tasked with creating and maintaining a website for an international conference and designed promotional material.

VOLUNTEER EXPERIENCE

Web Developer, TedXYouthToronto — 2016 to Present
Developed the conference website using Jekyll.

Designer/Webmaster, CUSEC — 2014 to 2016
Led the design team to create sponsorship packages, conference booklets, posters, logo, and website.

Head Delegate, CUSEC —2013 to 2014
Started the York University delegation and organized funding and travel plans for all delegates. The York delegation has grown from 2 students to over 20 in 3 years with my help.

EDUCATION

York University — BA Information Technology, Expected 2016

SKILLS

Programming Languages
Javascript, Java, PHP

Frameworks and Technologies
AngularJS, Ruby on Rails, Meteor, EmberJS Adobe Creative Suite, Sketch

PROJECTS

Good Morning Mirror
Developed a voice controlled "mirror" using Javascript and a variety of Javascript libraries that pulled relevant data in real time and displayed it to the user.

Hidden Gems
Developed and designed a thrift store application that lets users submit items with location data. This data is fed into a map where other users can see where the items are in real time.
